Contract Renewals

Any services not in contract (it may be that this was in contract, which has now terminated, or was originally taken out on a rolling 30-day contract), will automatically be charged at the current product price, based on a 30-day term contract.

Contract pricing

The price charged will vary as follows, according to the term:

- 30-day term : Product price + 20%
- 12-month term : Product price
- 24-month term : Product price - 5%
- 36-month term : Product price -10%

Selecting your contract term

We have created a new self-serve portal that you can access at any point.

<https://www.globe2.net/customer-portal/manage-ooc-services/>

When accessing this, you will be prompted to enter the email address associated with the Account.

Note: this is not necessarily YOUR mailbox, but the mailbox we have on record for the account (see Troubleshooting below).

Globe2 Customer Portal

To login to your customer account, please submit the form below with your main account's email address - this is usually the same as your billing email. If you are unsure what this is, please contact support@globe2.net.

Send Login Link

✓ If your email exists within our system, you will receive an email within 2 minutes. If you do not receive the email, please first check your junk / spam folder before contacting support@globe2.net

To access the portal, simply enter the email mailbox into the field in the portal.

This will send you a one-time link; clicking on the link will take you to the portal, which will display any services not currently in contract, and the options available to you.

Manage Services

Below you will find a list of all your out of contract services. To save money, you can opt to renew these on a fixed-term contract while continuing to pay monthly.

How our pricing works: Our standard pricing is based on a 12-month contract. If you're out of contract, you'll pay 20% more than the 12-month rate. For better value, a 24-month contract gives you a 5% discount, while a 36-month contract offers a 10% discount compared to the 12-month price. Check out the bottom of the page to see your total possible savings!
